Title:

Comments: Recreating in the chugach has been a part of my life since before I can remember. I started on a snow machine very young and Growing up in Alaska I can not imagine spending my winters riding anywhere else. I feel that my family and I have respected this territory for many generations and I desire nothing more than to be able to spend time with my future children on snowmachines in these areas. If these areas are to be closed down, that would mean 95% of our riding territory will then be unavailable to my family. I believe this would be undeserved based on the amount of respect and appreciation we have always shown for the chugach as a whole.

For these reasons I support plan B

Thank you for your time

-Jena Poppin
