Comments: I am a life long Alaskan who has been on a snow-machine my whole life, my parents took me on my first ride when I was a new born. I have been using the chugach range for 15 years. I have seen some of the most amazing views of this vast landscape only because I got there on my snow-machine. I strongly feel that you would be robbing future generations of users of the natural beauty of Alaska. I fully support Option B.
