Comments: I have lived in Anchorage my entire life.

I am writing to ask that the lands available for recreational use stay the same or be expanded. Please do not reduce the land that we have access to use.

I feel the push to get outside and exercise type lifestyle needs to win over the desire to use a smart phone app to grocery shop without leaving your vehicle lifestyle. If anything, I believe we should be focusing on finding new ways to introduce nature to the upcoming generations via programs, camps, etc.

Thank you for your consideration.
