Title:

Comments: I enjoy riding snowmachine and accessing the back country on the Peninsula including Turnagain, Lost Lake, 20 Mile and Johnson Pass. I don't use the area more than a couple times a year, but I would really like to keep my access options open. We sell snowmachines and I know many of my customers enjoy using these areas and many more. The machines we sell are quiet and fuel efficient as they pass EPA emissions. We also enjoy hiking in some of those areas. Please keep equal access for all user groups and add motorized users to areas that have been blocked in the past. We can co-exist as user groups.

thanks for your consideration
