Comments: Thank you for the opportunity to share my thoughts on the proposed changes to the Chugach Forest plan. I believe there should be no further restrictions to motorized activities in the Chugach. With the changing climate riding opportunities are becoming harder to access. The Chugach is a wonderful recreational opportunity for all to enjoy. I have been using the Chugach for over 40 years, I respect all users and their rights to recreate as they see fit.

Alternatives C and D are unacceptable, please do not limit winter recreational opportunities any more. There are enough lands set aside for wilderness now please do not designate any more in Alaska.

Thank you Ed Wise
