First name: Eric

Last name: Stevenson

Organization:

Title:

Comments: My family spends many hours in the back country of this state and would really be disappointed if the reason we love this state is changed by a plan that doesn't make any sense ? I could write for hours on the why nots but won't , instead I'm just going to politely ask you to not take the free spirit of this state away from my family... thank you for your time ...

Sincerely yours the Stevenson's
