Comments: Hello and thank you for all your work you do for our parks.

My name is Nerissa Thorson, I was born and raised in Alaska and now teach 1st grade in Anchorage. I grew up snow machining in Willow and hiking all around Anchorage and Girdwood. Girdwood has always been my home and I love spending time on Alyeska, but it's been getting pretty crowded lately so I like to recreate in the back country with my snow machine. I hope this revision will not hinder any land that could be accessed in our future. The growing number of recreational users in this area requires growth not wilderness protection. There is more than enough room for everything. Thank you for your time and all you do for our parks.
