First name: Samuel

Last name: Herron

Organization:

Title:

Comments: All I want to say is, many of us, Snowmachiners and like respect the land of Alaska. Many we born and Raised here. So getting out in the mountains whether it be snow machining skiing snowshoeing or whatever we should all be able to enjoy the rights of this beautiful state. The last thing we need is more regulations in a beautiful country that should be left alone. Please stay out of it and let us all enjoy the backcountry.
