Last name: Demetree Trombley

Organization:

Title:

Comments: Please do not limit access to our (Alaskan) recreational areas. My family and I use many different areas in Chugach National Park. For example: Hatcher's Pass, Eklutna, Lost Lake, Flat Top and Mchuge Creek, just to name a few. We visit a different trail, on average three times a month all year long. On these trails we hike, run, camp, ski, bike, and ride with ATVs. We enjoy this great state and all that it has to offer. Limiting our access would alter our way of life. Please feel free to contact me if you have questions about our usage and the positive impact it has on my family.

Thank you for your consideration.

Sincerely,

Denise Demetree Trombley
