Comments: To whom it may concern,

Thank you for taking the time to read this comment. My name is Richie Serwat and I reside in Anchorage. I am very active in the outdoors with hunting, fishing, wheeling, and snowmachining. I frequent the chugach with my friends and family riding in the winter and would hate to see any closures of the areas we ride. I am for plan B of the Revision. I believe we need to maintain what we have and also open new ways to access the areas. I do not want to see any wildlife areas added as well. Thank you again for your time and have a wonderful day.
