First name: Timothy

Last name: Silbaugh

Organization:

Title:

Comments: I have lived in Alaska since 1989, the year of the Exxon Valdez Oil spill. My wife and I raised a family in Anchorage and spent many days sea kayaking throughout Prince William Sound. I value the protection of the wilderness nature of this unique and amazing area and support the recommendations outlined by the Prince William Sound Stewardship Foundation. Please maintain the Prince William Sound Study Area and maintain protections of this Alaskan resource.
