Title:

Comments: Hello, my name is Scott Preheim. The days I get to spend with my friends and family in the CNF are undoubtedly the best days. I Enjoy both splitboarding and snowmachining. Plan B seems to be the closest to what is currently available so that would be my choice.

I also feel that we should be developing off of what we currently have not restricting the way people enjoy the forest. Expansion of parking lots, trails, and other services such as bathrooms and dumpsters wouldn't hurt either. lets keep it clean.

My dream for the Turnagain Pass would also be for tram access runs. Tourist could also get a great view in the summer generating more tourist income.

I hope you choose to make it easier for people to get into nature to connect, learn, and have a blast in.

Thank you for your time.
