Comments: I am writing this letter in support of keeping our lands open to snowmachining. For reasons other than my own, I would not have met and fallen in love with our snowmachining, my fitness, and our great state of Alaska if it wasn't for this life that I am so grateful for. I've met some of my best friends because of snowmachining. I'm teaching my girls how to snowmachin and letting them experience the world around them outside of their current existence. I've been able to show my husband this great state of Alaska far beyond the trail riding he used to do. Now I can't keep him off those mountains to save my life :)

This is a wonderful world we live in, I encourage you to keep it that way, not only for us, but for our future kids too.
