Comments: I am a member of the Union County Gun Club. I am in favor of this gun range for it's education value. It would be of great benefit to the community to have a safe well cared for range to educate young people on the proper use of a fire arm and the responsibility of owning one. I recently purchased a gun for the first time at the age of 66 and am excited to be part of this organization.

There is great opportunity for all, including veterans, seniors and those who are new to owning a gun. I believe it will be a good addition to our community especially since I will be involved in it's in success.
