Comments: PWS Should Remain Undeveloped

Hi - I am writing to voice my support of maintaining the wilderness values of Prince William Sound. My family spends a lot of time in the sound during the summer and we appreciate the wilderness values of the sound and the lack of development. In our opinion, PWS should be left untouched and as is. Perhaps a few more discrete cabins would be fine, but no commercial developments should be allowed for they will only detract from this remarkable part of the world. Thanks.
