Mr. Fitzwilliams:

Please accept this letter as indication of my support of Vail Resorts' snowmaking project being review by the USFS.

More reliable ski conditions are crucial to our Valley's notoriety. Predictable opening day snow pack will continue to help define Vail as the leader in the ski industry. This type of improved snowmaking system will no doubt contribute to the success of the resort and our local economy.

I hope that you will approve the plan!

Sincerely,

Jens Werner
