Comments: Gentle Ones:

* The Plan must protect the "wilderness character" of the WSA, not the Forest Service's weak proposal to protect just its "existing character." by classifying all of them with the Forest Service's "Primitive" standard.

* The lands within the WSA that the federal government purchased following the 1989 Exxon Valdez oil spill must be managed "in perpetuity for conservation and wilderness purposes," as promised when they were purchased.

* The Chugach NF must address ongoing illegal recreational use of chainsaws in the WSA, which has resulted in damaging tree removal along dozens of wilderness beaches, including in sensitive areas.

* I support a modified Alternative D wilderness recommendation that also includes Lake Nellie Juan and the lands within the WSA boundary that were purchased for restoration of wilderness resources following the oil spill.

Sincerely, AA Lloyd
