First name: Jeremy

Last name: Felhofer

Organization: Tree monkeys APV club

Title: President

Comments: I'm writing regarding my clubs opinions on the trails at Wayne national Forest. I'm the president of an ATV club with over 2000 members many of us ride at Wayne national every weekend we even have a club property at the entrance to the ohv park. We get a quite a bit of feedback on the trails at Wayne and not a lot of the guys interact on the internet or reach out with stuff like this so I figured I would send some of the things I hear concerning the OHV trails. number one would be the difficulty of the trails we love the trails but it would be nice to have more difficult trails like Longridge to go with the easy trails and a rating system warning people of some of the more difficult trails the next thing would be single track for the dirt bike members this would be an excellent way to get more people riding at Wayne without increasing the width of the trails most of our members actually prefer the 50-inch trails and do not want to see them go wider. The final thing would be an expansion of trails just adding more miles of trails.
