Comments: WNF Trails Use

Ms. Neufeldt, Just a brief message to encourage you to include motorcycle single track trails in your plans for the WNF. Presently myself and quite a few of my fellow woods riders travel 3 or 4 times a season to Michigan and it's fantastic trail system and Pennsylvania to ANF and surrounding state public lands to ride single track trails and West Virginia to ride the Hatfield/McCoy trail system. While there we almost always stay in nearby hotels or camp in local campgrounds, and always enjoy local restaurants. We would sure like to do our riding closer to home and spend our money right here in Ohio which has the best woods riding in the country in my opinion. Since 1975 I have been competing in many of Ohio's motorcycle competitions and Dual Sport events. Please include single track public trails in your planning for WNF. Thank you. Rex E. Gary
