Comments: Wayne National (single track)

Ms. Neuenfeldt,

My name is Jeff Feuling, I live in Clermont County. I'm writing to inform you that adding single track motorcycle trails to Wayne National Forest for public use would be a great benefit for the local forest service in terms of added revenue.

I am currently associated with a group of local off-road motorcyclists that enjoy more challenging trails. We spend a lot of our time riding in KY and TN due to the lack of diversity here in the great state of Ohio.

Please consider adding single track trails so we can enjoy them here in our state and also benefit our own state!

Respectfully,

Jeff Feuling
