Comments: Wayne National Single Track

To whom it may concern,

I am reaching out to you to briefly express my up most support of adding single track to Wayne National Forest. As of right now if I want the challenge of single track trails I must travel to West Virginia. This is much further for me and I love going. Yet, I would rather spend my money in my state. This would be great for me if I wanted a challenging trail to ride but only had a day or two for a trip. I hope this email gives you more knowledge of how single track trails would be a great addition to the forest for off road trail riding.

Thank you
