Comments: Wayne National Forest - Motorcycle Single Track

Hi Rachel,

I want to express my support for including motorcycle single track in Wayne National Forest. I regularly travel from North Carolina to as far as Colorado and Mexico to ride motorcycles. If single track was available in Ohio, I would certainly visit. I enjoy the slow speed challenge of tight, single track trails. They are safer and, in my opinion, more fun than the wider UTV type trails.

Thanks,

Adam
