Comments: I have lived in Idaho for over 40 years and have regularly hiked and backpacked into the following areas: Borah Peak and nearby locations in the Lost River range, the Pioneer range (north and south), and the Lemhi range (north and south). I am strongly in favor of designating all of these areas as part of the wilderness study plan in order to preserve their natural beauty and protect them for future generations.

In particular, my favorite areas are the Devils Bedstead in the Pioneers, in which a hike to Kane Lake has been a perennial favorite. Also, Wildhorse Creek and Boulder Lake are special to me on the north slope of the Pioneers.

Thank you for the opportunity to comment on this!
