First name: Stephan

Last name: Forslund

Organization:

Title:

Comments: I am a paraglider and hang glider pilot for the last thirty years. I have followed foot launch aviation since 70's (when I first tried some early hang gliding) I have traveled to King Mt a few time specifically for paragliding and have enjoyed following the competitions and records that have taken place there. I hope that foot launch aviation continues to be part of the land management plan for this glorious area.

Thank You,

Steve Forslund
