Comments: Aloha, please continue to allow my free flight brothers and sisters to have the access to that beautiful area they call King's Mountain in Salmon-Challis National Forest, for the enjoyment of free flight. As a person that enjoys the freedom of free flight here in Hawaii, our views and beliefs are to keep the area and everything in it clean and unharmed so that it remains as natural and beautiful like nature intended it to be. The soul purpose of flying for us is to view nature and be as one with it, so we take care of and protect all the sights that we're privileged to use. That being said please don't take my brothers and sister of Idaho's chance to protect and enjoy the Salmon-Challis National Forest, King's Mountain away. E
