Title: Wild Horse Advocate

Comments: Let them live free and die free, on the range so people can enjoy them. Not in BLM pens that are over crowded already. Were there dieing because of the heat, and diseases, Palomino Valley had 4 horses die from June 28th to July 2nd, July 2nd was a young yearling Lil Angel, plus a 3 year old from the heat. There better off on the range being free like God planned it.

Don't let them die like Lil Angel did!!! In a pen!
