Comments: Singletrack at Wayne National Forest

Hello,

I wanted to express my interest in adding single track to the trails at Wayne National Forest. While I enjoy riding the OHV trails at Wayne NF, the tight and challenging aspect of single tracks is my preferred kind of trail. My friends that ride with me also share this interest. We have to travel away from Wayne National Forest to ride single track and/or attend private events in and out of state. I would prefer to spend my recreation dollars in state and support Wayne National Forest.

Thank you for your consideration.

Brian
