Comments: Please make motorized singletrack in Wayne National Forest

Dear Rachel Neuenfeldt,

I am a retired Navy veteran and I would like to have motorized single-track trails in the Wayne National Forest to ride my motorcycle. I used to ride my motorcycle on trails in California but now I live in Ohio and there are no opportunities to ride motorized single track in Ohio. I like riding challenging singletrack trails on my motorcycle. The Wayne National Forest is a suitable place to have a large single-track motorcycle trail system.

Sincerely,

William Perry
