Comments: I am an avid MTB rider and an Off Road Motorcycle rider and want more trails at the Wayne for Motorcycles

I think it's great that 100 miles of MTB trails in the Wayne will be dedicated for MTB riding , What about the Off road Motorcycle 's ? We have had to pay for years through the sticker system to be allowed to ride in the Wayne. I am also involved in the industry doing timing for National events , and when I have time off from that I want to be able to ride my favorite trails in Southern Ohio and having some NEW trails would be Awesome.
