Comments: Wayne NF trails

Hi,

I am an old former user of the Wayne National Forest area trails. I rode quite a few Enduros and AMA Dual Sport events over the decades. I also liked mountain biking.

Even though I no longer am able to ride trails, I'm asking you to do all in your power to keep as much trail as possible open for both of those uses. I think it is very valuable to the younger people who can still participate in wholesome things like that. I'm thinking that many would appreciate your efforts in that regard. I certainly will, even though I can't ride trails anymore. Thanks.

John Fischer
