Last name: Howsmon

Organization:

Title:

Comments: Single track

We motor cycle riders need a section of track for only us. Quad runners are ruining the trails we cut in years ago and putting in all the rock to fix their damage is also hard to ride on on two wheels. We need a section of single track that is quad runner and rock free. We are the ones who cut in the trails that everyone else is using for their sport ! And my opinion is we need a place also. So please let us put in single track for just us ! Thank you for your time and consideration.
