Comments: Mid-Swan Project

Dear Sandy, Thank you for the opportunity to comment. I own a property at 621 Lodgepole, just off the Peck Lake road. Last year I participated in the fuels reduction program from the DNRC. I thinned my trees out and seeded grass. It has allowed the light to get in, and make a healthier forest. I would hope this project is designed to do the same thing. I like the way the state has thinned their forest out. I hope this project is designed to do the same. David Dickey
