Comments: We are year round residents of Williams Lake and own a cabin in the ramshorne, Myers cove area.

Both are located with the proposed Wilderness provision which we fully OPPOSE of this action.

If approved we would have no motorized access to our HOME or CABIN. We moved to Idaho 8 years ago to enjoy the beautiful outdoor recreation of hunting, atv, snowmobiling with easy access from our backdoor. In addition to our reason of opposition, this would hurt the ranchers and greatly reduce the county income from loss of outdoor recreation enthusiasts visiting our area.
