Comments: Thank you for determining Oh Be Joyful Creek Segment 1B to be Eligible for Wild and Scenic designation and for recognizing its paddling ORV and for determining Segments 1 and 2 of the San Miguel River to be Eligible with a paddling ORV. I would like to encourage the Forest Service to expand the Eligibility Study to include ALL free-flowing rivers with at least one ORV. I also think it would be useful for the Forest Service to reference American Whitewater's National Whitewater Inventory when conducting Eligibility Studies

Thank you for considering my comments and for all your hard work in working towards protecting these valuable resources.
