- Improving water quality and sanitation at the Grout Pond Campground

- Construction of approximately 2.0 miles of new trail providing connectivity between the Town of Dover, Mount Snow trails, and the National Forest Trail System.

- Construction of approximately 2.1 miles of trail connecting the proposed mountain bike trails off Handle Road in the Town of Dover to the Deerfield Ridge Trail.

- Construction of approximately 0.4 miles of cross-country ski trail on an existing old skid trail to serve as a collector route for a proposed backcountry ski area off Deerfield Ridge.

- Adding a 0.7 mile existing segment of the Catamount Trail to the National Forest Trail System.

- Development of three backcountry zones in close proximity to Mount Snow off the Deerfield Ridge trail for additional backcountry skiing recreation.
