Title:

Comments: I have been snowmobiling on these trails with my dad for the last 20 years. We have many memories and great times up here. I recently relocated to Texas, but have kept my snowmobile with family,for when I come up to ride. These are poor decisions that are being made to limit our sport of snowmobiling and putting restrictions on our riding, that should not be taking place. Reconsider your options and avoid ruining the sport of snowmobiling by all of us outdoor enthusiasts.
