First name: Mark

Last name: Waltzer

Organization: Congregation Beth Tikvah

Title:

Comments: Wilderness recommendations in Alternative D of the draft forest plan, with these improvements, would offer the best protection for the Gallatin Range and other critical wildlife habitat across the Custer Gallatin National Forest.

In order to protect the wilderness, motorized vehicles should be forbidden.

Groups of people and animals should be limited in size.

There is the potential of animal and human waste pollution that needs to be addressed.
