Title:

Comments: Dear GMNF,

As a winter snowmobiler, and appreciative user of the Southern GMNF, I wanted to respectfully comment on the Somerset Integrated Resource Project.

Regarding "East Deerfield River Loop Trail" and "Deerfield River Trail":

The East Deerfield River Loop Trail and Deerfield River Trail have been Authorized and Mapped snowmobile corridors for decades. These corridors provide safe alternative travel routes. Strong volunteer land stewardship and labor resources ensure communication and proper maintenance. Please continue Authorized Use and Mapping of the East Deerfield River Loop Trail and Deerfield River Trail in perpetuity.

Thank you GMNF
