Comments: I tried to read this off the computer and found it impossible and gave up ... so don't really have much to say.

1. don't open 3-mile / Hamilton bar road .. leave it closed to full sized vehicles at location of gate AND improve TH parking, turn-a-round and camping opportunity and sanitation at this location.

2. Do not convert Cougar CR trail to motorized use!

3. Phoebe Creek needs improvement higher priority than Ompaul or even 33 Bend

that's all I got too -- imagine there is more ... but couldn't get into document very well .. :)
