Last name: Crist

Organization: Rekluse

Title:

Comments: Mr. Zurstadt,

I would like to endorse the letter referred to as Public Comment #2 from CITRA President Steve Lacey in the link below. I have ridden motorcycles and volunteered my time clearing trails in the Southfork confluence zone for the last 15 years, I take pride in the work my friends and I have done helping to maintain the trails and camps in the area. Re-opening trails such as Cougar Creek and the others mentioned would be a great benefit to our user group, creating loop opportunities.

Thank you for your time and consideration.

Jon Crist
