Comments: Dear Forest Service,

Please do not close any roads. Road closures negatively affect my business The Yellow Pine Tavern. Also the closures negatively affect my ability to get around in the forest. I am 71 years old and no longer can get around like I used to. When I was younger I hiked everywhere. Closing the forest off limits the use of the forest for elderly and disabled people. Forest Fires more negatively impact watershed than use by the public. Most folks in this area are very respectful of nature and the forest. I managed a Girl Scout Day Camp for many years with the object in mind of engendering respect and appreciation for the outdoors. How can we appreciate it if we are blocked access from the forest.

thank You,

Lorinne N. Munn
