Last name: Peloquin

Organization:

Title:

Comments: As an active outdoorsman I have a great respect for the care and preservation of our natural resources. As a Paraglider Pilot I also have a tremendous desire to protect and be able to have access to established paragliding sights such King Mountain. I would request that our paragliding launch and access routes be protected and that the paragliding community continue to be allowed the use of this wonderful flying location.

Thank You,

Robert Peloquin
