First name: Leona

Last name: Poritz

Organization: Biological Control of Weeds, Inc.

Title:

Comments: I am writing to support increased Wilderness management in the Henry's Lake Mountains, the Gallatin Range, the Madison Range and to support maximum Wilderness management in the Porcupine Buffalo Horn area of the Gallatin Range. My reason for supporting Wilderness Management in these areas pertains to wildlife security and wildlife corridor connectivity.

My concerns for wildlife place my first choice in the Alternative D camp.

Thank you for reading my comment and for the many hours of work your team has put into the Forest Plan.

Sincerely,

Leona Poritz
