Comments: I ride with a local group here in the Idaho falls area. We ride mostly in the Kelly Canyon area. I would love to explore the state of Montana. For me to do that I would need to be able to ride my mountain bike due to some foot issues. Beside that with my experience and the group I rode with mountain bikes have very little impact on the area. We are very thoughtful of other users of the trail. It would be very unfortunate for trails to be closed to mountain bike use. I know I don't have the best words to describe how I feel but I would be heartbroken if I couldn't ride
