First name: Sandy

Last name: Rhein

Organization:

Title:

Comments: I am sick and tired of the Trump administration of trying to destroy our beautiful public lands, parks, monuments, and animals. The Custer Gallatin National Forest in Montana is a stronghold for iconic wildlife species like grizzly bears, gray wolves, bighorn sheep, mountain goats, and moose, which are very sensitive to human disturbance and development, and are teetering on the brink. Leave Custer Gallatin National Forest alone.
