Title:

Comments: My family and I have been a long time, regular visitor to Montana since the 1960s. We highly value the wilderness aspect of Montana and hope that our children can continue to have that opportunity in the future. Therefore, we strongly support Alternative D in the Forest Plan as the preferred alternate as described in the Draft Plan. We would prefer that Alternative D be strengthened to include additional wilderness areas in the Gallatin Range. Additionally, the plan should be strengthened to further restrict ORV and other motorized equipment/vehicles to protect quiet area use for those of us not enamored with noise and noxious fumes while we are enjoying the natural environment. Thank you for the opportunity to comment and for your consideration of our comments.

Glen and Jane Hampton, and family
