Comments: I am in support of Option C. I have lived in the Bozeman area since 1989, and I am a massive supporter of our well managed state lands. I also am an avid mountain biker and have a very respectful and considerate interaction with the nature that I recreate through. I would like to continue to have access to these wonderful state lands that make our area truly unique around the world. I also support collaborative efforts that exemplify how people can work together. Please consider option C and limiting the strict Wilderness designations to critical areas. Thank you.
