Comments: Thank you for the opportunity to submit comments regarding wilderness designation and the Custer Gallatin Forest Plan Revision #50185. I support Alternative D. It provides for the largest amount of wilderness and this will aid the Grizzly Bear which is coming back from extinction and is the largest Top Order omnivore on the North American continent to my knowledge. I support intact ecosystems and biodiversity. I seek sustainable ecosystems of rich diversity in all our decisions. Additionally, in an era of climate crisis and human caused 6th wave of extinctions globally it behooves us to make decisions that reduce our impacts on the environment. Please support Alternative D and again I thank you for the opportunity to express my views.

Sincerely,

Janet Gilbert
