Comments: Greetings,

I have lived in Big Sky fulltime over 20 years and I am originally from Montana as is my family roots.

I recreate in the Gallatin Canyon mostly in the Porcupine, Portal creek, North Fork, Buffalo Horn and Lion head areas.

I hike, bike and ride horses. I usually am in these area several times a week in the summer and once or twice a week in the winter.

I am in favor of Alternative E.

While I do not ride motorcycles, I have rarely had any issues with them no more than I have had with any other group of recreationalists. They also seem to clear the trails more than any other group by far. So lets all get along, respect one another and share it. Its the Montana way.

Thank you,

Ross Pfohl
