Comments: I strongly support increased protections for wilderness in the Custer-Gallatin Forest Plan.

It has been many years since I have visited your forests in Montana, but I remember being impressed by the wildness. It is essential that we preserve that for the future.

I support the wilderness recommendations in Alternative D of the Revised Draft Forest Plan. Please improve this alternative, however, by adding the entire 230,000 wild, roadless acres of the Gallatin Range as Recommend Wilderness.
